# NZ Skid Policy & Crash Rate Trends

Authors: Mark Owen, John Donbavand, Peter Cenek & Robert Henderson

# Why are we here?

# Our mission...

# You & I

# Develop a Target

- Establish objectives
- Research solution
- Set framework
- Go for it
- Measure results

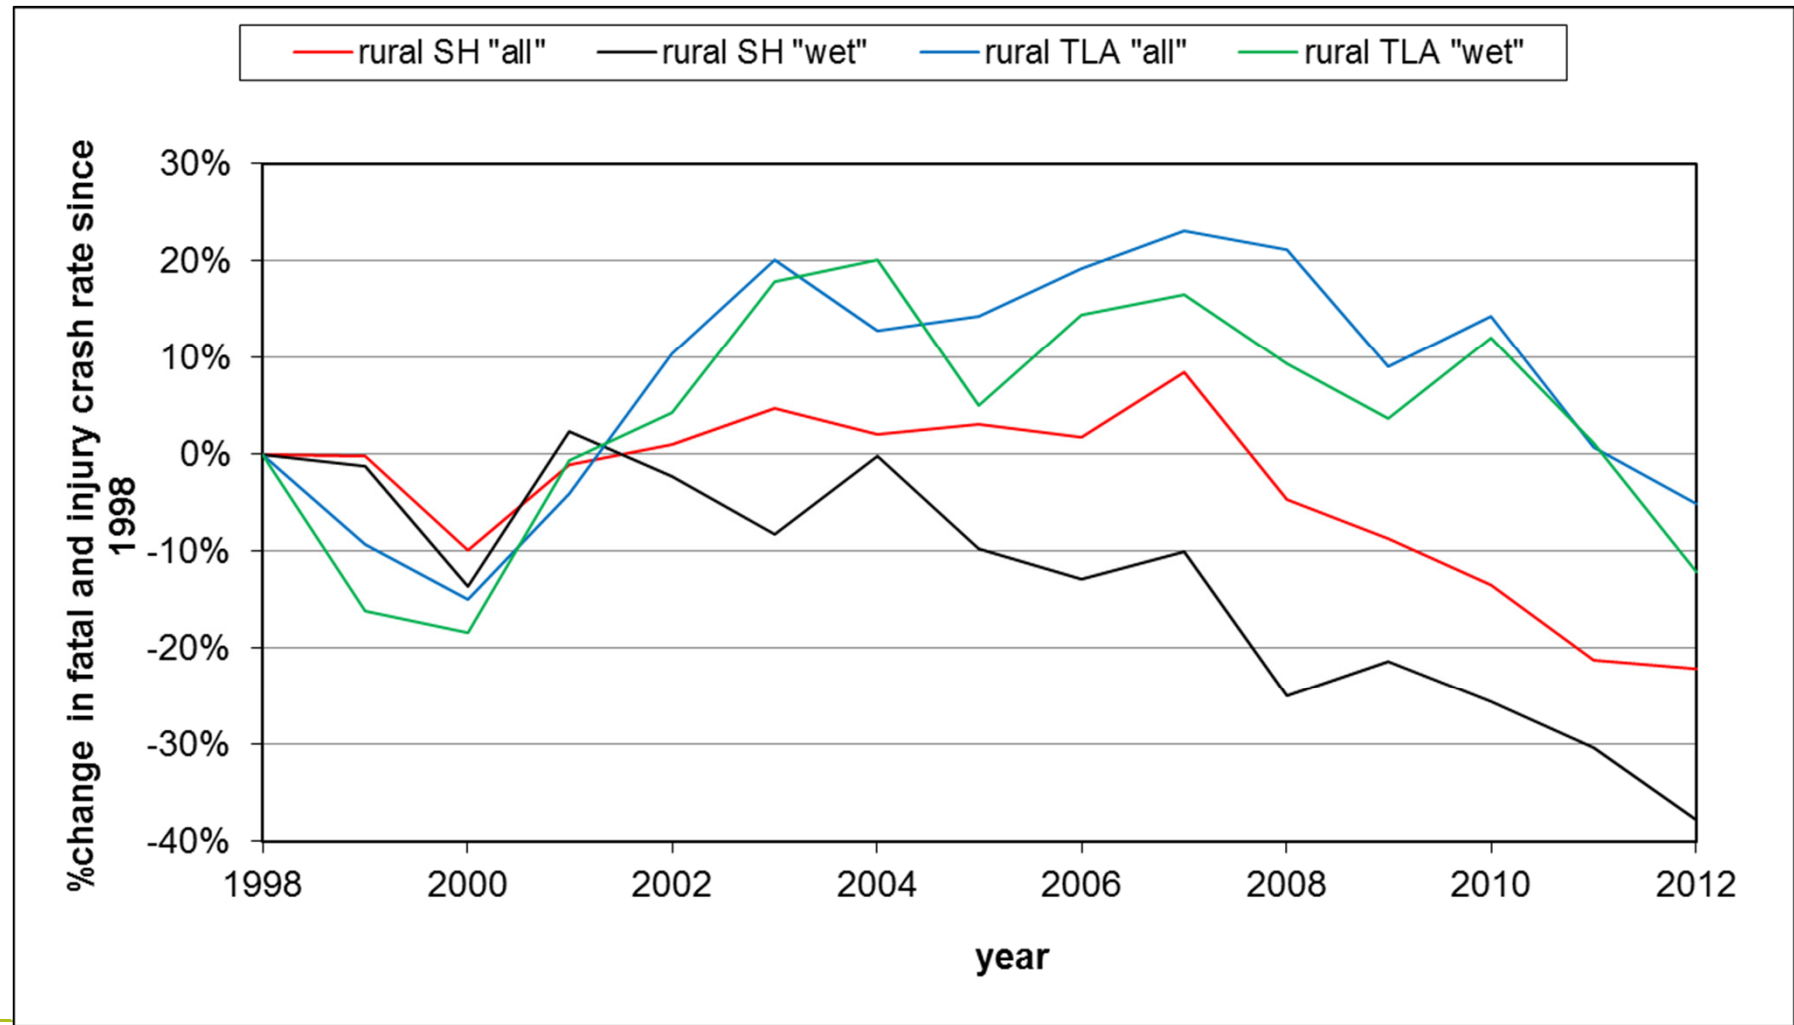

# Monitoring crash trends

- Wet v dry road crash rates
- Differences across regions
- Highways v local council roads
- Surface improvements v crash rates

# The Good News

# Summary Findings

- Wet road, highway crashes trending down
- Some variability across NZ
- Improvements to equalise risk
- Modify Policy accordingly
- Highway trend better than local roads
- Proof that policy is effective

# Conclusion

- Our Commitment
- Sustainable effort
- Ongoing Monitoring
- Targeted Policy
- People input
- *Aim –*

**to save lives on our roads**

# Thank you – *lifesavers*
