Call for Proposals now open

Submit for the 2023 international conference

For the first time in the conference's history, the [Safer Roads 2023 International Conference](#) will be held in the United States. Hosted by the American Traffic Safety Services Association (ATSSA), Safer Roads 2023 is viewed as a must-attend event to stay current on trends and industry advancements and to access new products and technologies from around the world.

You're invited

Contribute to the Safer Roads 2023 International Conference in Richmond, Virginia by submitting a paper, education session or poster session proposal that reflects the best thinking in the field, informed by theory and research and proven best practices. We welcome proposals and abstracts that:

- Address the importance of roadway safety from a strategic perspective.
- Explore the role of technological innovations in the industry.
- Speak to new regulations and real-time issues.
- Provide a preview of upcoming industry trends.

Submission process

All proposals and abstracts must be submitted through the online submission form. Each proposal will be evaluated based on its thoroughness, clarity and adherence to session guidelines. Research design, innovation, creativity and thematic cohesiveness will also be considered. **The early bird and international submission deadline is May 27, 2022. Final submission deadline is Oct. 21, 2022.**

What is the Safer Roads International Conference?

This is a triennial event for roadway safety professionals and transportation officials from around the globe. The conference brings together industry leaders, government officials, corporate roadway department personnel and others in the roadway safety infrastructure industry, with a focus on improving processes and communication to work more efficiently. Sadly, the original 2020 conference was canceled due to the COVID-19 pandemic.
